GORE-TEX GARMENTS

GENERAL OUTDOOR

Whether you're hiking with friends or exploring downtown with your family, you need protection from the elements. GORE-TEX garments come in a wide range of styles, for a huge range of activities, but every single one comes with the GUARANTEED TO KEEP YOU DRY™ promise, is totally windproof and very breathable. Designed to provide comfort and reliable protection, GORE-TEX garments help you make more of every day, no matter what passions drive you.*

*A growing number of GORE-TEX garments come with a durable water repellent treatment free of PFCs of environmental concern (PFC_{ec} Free DWR).

BENEFITS ▶

Durably waterproof

The GUARANTEED TO KEEP YOU DRY™ promise for waterproof protection keeps you dry and comfortable, no matter what passions keep you moving.

Very breathable

Sweat vapor can easily escape, so you stay comfortable for longer.

Totally windproof

These garments block all wind, so whether you're resting or are on the move, wind chill won't steal away your body's warmth.

Insulated*

Insulated garments have an extra layer of protection against the cold, so you stay warmer, for longer, in wintry conditions.

* Only in insulated GORE-TEX garments.

GORE-TEX PACLITE® GARMENTS

GENERAL OUTDOOR

Sunshine turns to rain. A cold wind picks up. Whether you're commuting to work, or only halfway through your weekend walk, having a lightweight, packable back-up jacket with you means you are prepared to make more of every day. Designed to provide comfort and reliable protection, all GORE-TEX PACLITE® garments come with the GUARANTEED TO KEEP YOU DRY™ promise, and are totally windproof and extremely breathable.*

*A growing number of GORE-TEX PACLITE® garments come with a durable water repellent treatment free of PFCs of environmental concern (PFC_{ec} Free DWR).

Packable and lightweight

Very light and packable, this back-up shell can be carried or worn on every adventure, so whatever happens with the weather, you'll always be ready.

Extremely breathable

Designed to be as breathable as possible: sweat vapor can easily escape so you stay comfortable throughout your activities.

Durably waterproof

This product is guaranteed durably waterproof, keeping you dry in any wet condition.

Totally windproof

Our technology protects you from wind chill during your activity and when you're resting, keeping your microclimate balanced and comfortable all way through.

GORE-TEX ACTIVE GARMENTS

HIGH AEROBIC

If you're planning to skin up the backside of a mountain or hike three peaks before the sun sets you need a jacket that is extremely breathable and lightweight. GORE-TEX active garments are designed for fast-paced, high-aerobic, done-in-a-day activities even in bad weather. They're totally windproof, extremely breathable and come with the GUARANTEED TO KEEP YOU DRY™ promise. Plus they're genuinely lightweight and soft, and have excellent next-to-skin comfort. So you can go fast, go high – and keep going.

Extremely breathable

GORE-TEX active garments offer outstanding breathability: sweat vapor easily escapes so you stay comfortable.

Lightweight

These are one of our lightest products, meaning they don't weigh you down.

Durably waterproof

This product reliably protects you with the GUARANTEED TO KEEP YOU DRY™ promise, keeping you dry even in heavy rain.

Totally windproof

Blocks all wind, protecting you from wind chill even when you're resting during intense activities

GORE-TEX SHAKEDRY™ GARMENTS

HIGH AEROBIC

GORE-TEX SHAKEDRY™ garments are super light, extremely breathable, and come with the GUARANTEED TO KEEP YOU DRY™ promise. The unique design with the persistent beading outer face prevents water absorption. Water simply beads up and runs right off the surface, just a couple of shakes remove almost all water. Plus they are totally windproof. Whether you're running through a storm or cycling through a shower, GORE-TEX SHAKEDRY™ garments help you push for your new personal best.

Unique water repellency

The GORE-TEX membrane uniquely serves as outer layer, which means light rain simply beads up and runs right off the surface of your jacket.

Lightweight

With the outer fabric eliminated, these jackets are as lightweight as it gets – so it feels like almost nothing can weigh you down.

Extremely breathable

The most breathable GORE-TEX products around: sweat vapor easily escapes so you stay comfortable.

Durably waterproof

This product reliably protects you with the GUARANTEED TO KEEP YOU DRY™ promise, keeping you dry even in heavy rain.

Totally windproof

Blocks all wind, protecting you from wind chill you are exposed to during your activities.

GORE-TEX PERFORMANCE GARMENTS

EXTREME AND EXTENDED

Designed for when your outdoor adventures get wet – very wet. Whether you're exploring a national park with friends on a multi-day trekking trip in pouring rain, or encountering heavy snowfalls when riding the perfect tree run, these totally water- and windproof garments with the GUARANTEED TO KEEP YOU DRY™ promise provide long-lasting breathability and solid protection so you can take your journey further.

BENEFITS ▶

Lasting breathability

Garments remain very breathable in very heavy or continuous rain and snow, so you avoid overheating and that clammy, damp feeling – even during intense activity.

Solid protection

Tougher laminates offer long-lasting protection, meaning you can focus on making the most of your adventure with confidence.

Durably waterproof

The waterproof protection with the GUARANTEED TO KEEP YOU DRY™ promise keeps you dry even after extended periods in very heavy rain or snow.

Totally windproof

Stops all wind in its tracks, so you stay warmer for longer.

Insulated*

Insulated garments have an extra layer of protection against the cold, so you stay warmer, for longer, in wintry conditions.

* Only in insulated GORE-TEX garments.

GORE-TEX PACLITE® PLUS GARMENTS

EXTREME AND EXTENDED

Hope for the best, prepare for the worst. Being serious about your mountaineering or climbing adventure means carrying a back-up shell that's exceptionally packable and lightweight, very breathable, and protects you with the GUARANTEED TO KEEP YOU DRY™ promise. Proven to be abrasion resistant and very durable, with GORE-TEX PACLITE® PLUS garments you are ready for unexpected adventures.

Packable and Lightweight

Very packable and light, this back-up shell doesn't take up much space in your backpack, so whatever adventure you are on, you'll always be ready.

Durably waterproof

This product reliably protects you with the GUARANTEED TO KEEP YOU DRY™ promise, keeping you dry even in harsh rain conditions.

Very breathable

Designed to be as breathable as possible: sweat vapor can easily escape so you stay comfortable, even during intense activities.

Totally windproof

Keeps out all wind, protecting you from wind chill even when you're resting during intense activities.

GORE-TEX PRO GARMENTS

EXTREME AND EXTENDED

This is gear for going further than you've ever been before. GORE-TEX PRO garments are for outdoor professionals and serious outdoor visionaries who need the most rugged and durable protection available. They are designed to be extremely breathable and come with the ultimate GUARANTEED TO KEEP YOU DRY™ promise for waterproof protection in a totally windproof product. So you can master even most extreme situations.

Very rugged

GORE-TEX PRO products ensure the most durable, long-lasting protection – even in the most extreme conditions.

Extremely breathable

The highest level of breathability leads to less sweat accumulation, so you'll overheat less during intense activity, and stay warmer when you stop to rest.

Durably waterproof

This product reliably protects you with the GUARANTEED TO KEEP YOU DRY™ promise, keeping you dry even in a torrential downpour or harshest snow conditions.

Totally windproof

Stops all wind, so you stay warmer for longer even when exposed to cold gales or icy storms.

GORE-TEX GARMENTS WITH PFC_{ec} FREE DWR

We're committed to continuously reducing the environmental footprint of our products. A huge goal for us includes eliminating PFCs of Environmental Concern (PFC_{ec}) by 2023. As a step in this journey this product comes with a durable water repellent treatment free of PFCs of Environmental Concern (PFC_{ec} Free DWR).

- Environmentally responsible
- Water resistant

GORE-TEX GARMENTS WITH STRETCH TECHNOLOGY

Some GORE-TEX products include GORE-TEX stretch technology. Whether you're cycling over a steep mountain pass or running to work in the morning, you want a jacket, shoes, or other products that move with you – not something that restricts your active body. Thanks to stretchy materials integrated into key areas, GORE-TEX products with stretch technology are designed for ease of movement, and also offer an attractive fit.

- Stretchy comfort
